

HARVESTER[®]

PRECAST CONCRETE SCALE

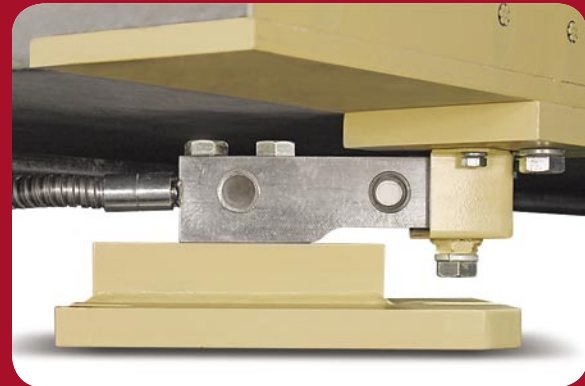

LSC SERIES LIVESTOCK SCALES

- Ideal For Stockyards, Sale Barns and Private Farms
- American-Made Quality and Single Source Convenience
- Up to 30 Ton Full Scale Capacity and 52.5 ft. Long x 10 ft. Wide Sizes
- Factory Assembled Concrete Weighbridge and Steel Livestock Pens

The rancher's choice for weighing livestock.

STAINLESS STEEL USA-MADE LOAD CELLS

The LSC series utilizes Cardinal's 20,000-lb model SB stainless steel shear beam load cells which feature superior welded waterproof seals and protection against caustic, corrosive environments.

STAINLESS STEEL JUNCTION BOX

The Harvester's stainless steel junction box is mounted on the side of the steel cattle pen for easy access. All major components are manufactured in the USA by Cardinal Scale for optimum quality.

OPTIONAL DIGITAL WEIGHT INDICATORS

Cardinal offers a wide variety of weight indicators to use with your Harvester®, such as the 212GX.

American-made quality construction and durability for weighing sheep, goats, cattle, hogs, horses, and more.

Steel livestock pens included

Two-end swing gates with easy-close latches

3-inch-square tubing

66.5-in-high gates and cattle pens

Ridging in the concrete deck provides sure footing for livestock

Ratproof wiring conduit throughout

0.8-inch-high gap between the concrete deck and steel livestock pen allows space for easy washout cleaning and is not visible to cattle from above.

Four hinge points on each gate for heavy-duty stability

Factory-poured precast concrete scales

- Steel Livestock Pen and Gates Included
- High Tensile Strength Concrete Decks
- Low-Profile Design - Easy Load Cell Access
- USA-Made Stainless Steel Load Cells
- Modular Construction allows Multiple Platform Lengths
- NTEP Legal for Commercial Trade
- Patent-Pending Concrete Deck Design
- Single Source Convenience for Indicators, Remote Displays, and Load Cells

Cardinal Scale's USA-made weight indicators feature StableSENSE® digital filtering that filters the weight signal to produce a stable weight display in spite of motion on the scale platform due to animal movement.

HARVESTER®

PRECAST CONCRETE SCALE

LIVESTOCK SCALES

Cardinal Scale's Harvester® series factory-poured concrete deck livestock scale includes load cell stands, 20,000-lb stainless steel shear beam load cells, stainless steel junction box, livestock pen, gates, and curb angle. A variety of peripheral equipment is available.

Fully-electronic, low-profile NTEP weighing

Optional Horse Risers
Raises top bar 30 inches from 81-in clearance up to 111-in for horses.

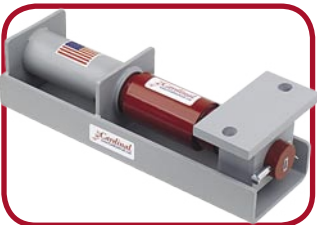

OPTIONS

Optional Dual Latch
Dual latch offers stronger holding power for full cattle loads and features rope pulling bar that engages both latches.

Model Number	Platform Size	Overall Capacity	Increments	Section Capacity	Number of Sections	Shipping Weight
